

Ronnie's Personal Boat for Sale!

50% Off!!!

Hey fishermen,

I have to sell my current boat to make room for the new one! Why not let on of our loyal fans have first shot at it? I only used this beautiful rig six (6) times – three on freshwater and three in the Newport Bay. I never even used an entire full tank of gas in six trips - almost all electric trolling motor fishing!

The 2-scoop bait tank never has had any bait in it! The boat is "cherry" and was used primarily for filming purposes. This is a "steal" in this economy!

Ronnie's Personal Boat for Sale!

50% Off!!!
